The pool will settle or sink noticeably to that side of the installation over time. The minimum safe distance away from the pool wall you need to be in order to adequately retain the raised fill is dependent upon the height of the fill and its composition, the type of material used as fill, and the slope of the ground adjacent to the pool site ...

### Above Ground Swimming Pool Installation Guide

Place top ledges on the wall. Align the holes on the top ledges with those on the top plates. Make sure the space left between each top ledge is uniform all around and that the space in question can be covered by a ledge cover. Attach the top ledges to the top plates using the four special plastic screws.
